The junior high school includes the seventh and eighth grades of the Bremen School. This department has been organized so as to meet the requirements of the State Board of Education. It bridges the elementary schools with the high schools, the promotions being by subjects instead of by grades. Courses are offered in English, mathematics, science, manual training, history, civics, domestic science, music, and art. Instead of teaching many of the uninteresting subjects it has allowed, to some extent, an elective system in our school. The individual differences of the pupils have been studied and these differences have been considered. The junior high school is one of the most important departments in our school.

The ORACLE

BREMEN HIGH SCHOOL BAND

The Bremen High School Band was organized in November, 1928, and has established an enviable record for efficiency and musical progress. The present Director W. T. Duganne, was placed in charge of the band two months after its formation. Although practically all of the members were without musical training, the band made a public appearance within two months. Since then the band has made rapid progress, and at the present time it is a well-organized unit capable of playing standard compositions with artistic interpretation.

The band department of the Bremen High School is organized into three groups. The second band consists of the new members of the class. In this band the younger members are trained for admission into the first band. The first band is the marching and concert group. It is complete in its instrumentation, and is completely uniformed. The symphonic band is a group of 35 more experienced members, with a perfectly balanced instrumentation for the playing of symphonic and other advanced forms of music. The order of rank in the first band, and membership in the symphonic band, are determined by annual tests.

The Bremen High School band is well known in Indiana, having played in many cities and towns for parades, picnics, and other events. It has broadcast radio programs, played at fairs, and twice in open contests has been excelled only by the famous General Electric band of Fort Wayne. The Bremen High School band has provided summer municipal concerts in Bremen for four consecutive seasons, and with the funds thus earned has been practically self-supporting, providing uniforms, an extensive music library, and many large and expensive instruments necessary to complete the instrumental balance. The band has assisted in all civic and school projects in which music is essential; and in March, 1933, presented a benefit play to aid in the financing of this "Oracle."

The band officers are as follows: Director, W. T. Duganne; student-leader, Marlowe Heckaman; drum major, Dale Hagenau; librarian, Norma Petcher; principal musicians, Lillian Kling and Dean Kimble. There are also several section leaders and assistant section leaders. The duties of these student-officers are purely musical and technical in nature.

GIRLS' AND BOYS' GLEE CLUBS

Glee Club work, under the guidance of Miss Baker, has become one of the most important and interesting extra-curricular courses offered in high school. For regular class work the Glee Clubs are divided into two groups, the boys' and the girls' glee clubs; but in most of the outside activities both boys and girls participate as one group.

The outstanding feature of each year's work is the presentation of an operetta some time during the spring. In 1931 the clubs presented "Miss Cherryblossom"; in 1932, "Polished Pebbles"; and in 1933, "Bits 'O' Blarney." All profits from the presentation of these operettas were used to purchase new equipment for the music department.

Second Row: Mae Hendricks, Dorothy Aker, Velma Leman, Gertrude Kling, Marcella Kling, Miss Baker (Director), Alice Thomas, Ruth Helmlinger, Dean Kimble, Alvin Vogel.

The orchestra is composed of students from high school and junior high school. It is necessary to limit the enrollment to a comparatively small group because of the limited number of violins available. Regular meetings are held one period each week and this time is spent in preparing musical numbers for the various school functions such as commencement, class plays, and

operettas at which the orchestra furnishes music.

In addition to the regular class work a group of the best musicians is sent to South Bend every fall to play in the North Central Symphony Orchestra, which is one of the features of the annual meeting of the North Central Teachers' Association held in that city.

The Girl Reserves are a branch of the Y. W. C. A., whose purpose is to create new friendships among girls. Any girl who lives up to certain standards and regulations set by the club is eligible to become a member of the organization.

The club was re-organized at the beginning of this year. Fourteen girls were pledged, ten of whom became members of

the club. In February these new members were installed with an impressive candle-lighting ceremony.

Unfortunately for the club, Miss Wood, the sponsor, had to resign because of illness. Miss Smith, who was appointed to fill her place, did a great deal toward making this year's work successful.

The Bremen Hi-Y club was organized in May, 1924, and has had a continuous and active existence since that time. It ranks as one of the strongest clubs in the state as to standards and activities. Membership is open to all boys in the high school who will conform to the principles of the club. The purpose of the club is to create, maintain, and extend throughout the school and community high standards of Christian character. Among the outstanding club activities are attendance at the annual Hi-Y

camp in September, the Hi-Y conference in November, Father and Son banquet in February, Mother's Day union service in May at which a number of awards are given to outstanding club members, and numerous swimming parties and social events throughout the year. The local club is the only club in the state that annually presents club sweaters to its members. The present membership is 18. H. E. Sherfey, who organized the club, is the present sponsor.

The Student Council was organized last fall when the officers of the four high school classes met and drafted a constitution which provided that three members from each class should make up the council body. Each class is entitled to elect one representative and nominate eight. The eight which each class nominates are then voted on by the entire student body and the two from each class receiving the highest number of votes are made members of the Council.

In order to be eligible for membership a student must rank in the upper third of his class scholastically and have a satisfactory grade in citizenship.

The purpose of the Council is to foster a wholesome school spirit; to act in an advisory capacity to the school administration in matters relating to school social functions and extra-curricular activities; and to promote a high standard of scholarship in the high school.

BOYS' PHYSICAL EDUCATION CLASS

An interesting feature was introduced into the boys' physical education classes this year when the students, under the direction of Mr. Bowman, were given training in tumbling, hurdling, high jumping, and pyramiding.

The year's program for the girls' physical education classes consisted of units of tumbling and stunts, rhythms, athletic games and contests. Athletic games played were: indoor baseball, batball, basketball, volleyball, and tennis. Plans are being made for hiking and field meets in the spring.

As a climax to the year's work in physical education a Field Day program was given in May. The entire class of fifty boys participated in various exhibitions and contests. The girls gave a demonstration of tumbling, pyramid building, rhythms, and stunts, and also a tap dance, "Pony Boy Express."

The ORACLE

HUMOR

Miss Smith (in civics class): "Who can name one important thing we have now that we did not have one hundred years ago?"

Virgil: "Me."

* * *

Fern (to her caller): "Would you put yourself out for me, Harlow?"

Harlow: "I certainly would, Fern."

Fern: "Then do ". It's after eleven, and I'm tired."

* * *

Mr. Macy: "And how do you like school now, Rosemary?"

Rosemary: "I like it closed."

* * *

Henry: "Say, what kind of a car was that I saw you driving the other day?"

Morris: "Oh, that's an R. F. D."

Henry: "Whaddaya mean, R. F. D.?"

Morris: "Rescued from the dump."

* * *

Scoop: "What, in your opinion, is the most difficult mathematical problem?"

Mr. Tucker (grimly): "Trying to make both ends meet."

* * *

Sam Leman: "May I hold your hand?"

Harriet Stoller: "It isn't heavy; I can manage it myself, thanks."

* * *

Maxine Kline: "When you are walking alone in the dark at night, how do you protect yourself?"

Lillian Kling: "By whistling, 'Hail, Hail the Gang's All Here.'"

Grocer: "What can I do for you. Be quick for I'm awfully busy."

Dorothy Aker: "Mamma sent me for a pound of butter but if you are so busy, I guess a half a pound will do."

* * *

FACTS

Freshman: I don't know.

Sophomore: I'm not prepared.

Junior: I don't remember.

Senior: I don't believe I can add anything to what has been said.

* * *

Alvin: "Do you use tooth paste?"

Pat: "No, none of my teeth are loose."

* * *

Mr. Bowman: "You missed my class yesterday, didn't you?"

Fred Berg: "No, not in the least."

* * *

Scoop L.: "I can say this—I'm a self-made man."

Ned M.: "Are you boasting or apologizing?"

* * *

Just as the traffic officer had given the signal to move, Jane Hiester made a dash across the street. She would have been knocked down by a swiftly moving car, had not the driver jammed on the brakes.

"Women and donkeys are always in the way," he exclaimed furiously.

"Glad to see you've the manners to put yourself last," retorted Jane coolly.

SENIOR QUESTION BOX

We wonder if Mr. Macy ever chewed gum?

We wonder why Miss Young is always getting her teeth fixed?

We wonder why Mr. Sherfey doesn't buy a bus?

We wonder if Mr. Tucker was ever a hitch-hiker?

We wonder why Mr. Bowman spelled Irving Elliott's name Erwin Elliott in his class book?

We wonder why Miss Baker doesn't go insane trying to teach the Glee Clubs?

We wonder where Mr. Baird keeps his car parked at night?

We wonder how Miss Smith survives after eating samples in home economics class?

We wonder if Miss Wood likes Florida?

We wonder if Mr. Duganne ever wore a light suit?

We wonder if any one ever bossed Miss Mann?
